

Climate & Natural Disasters

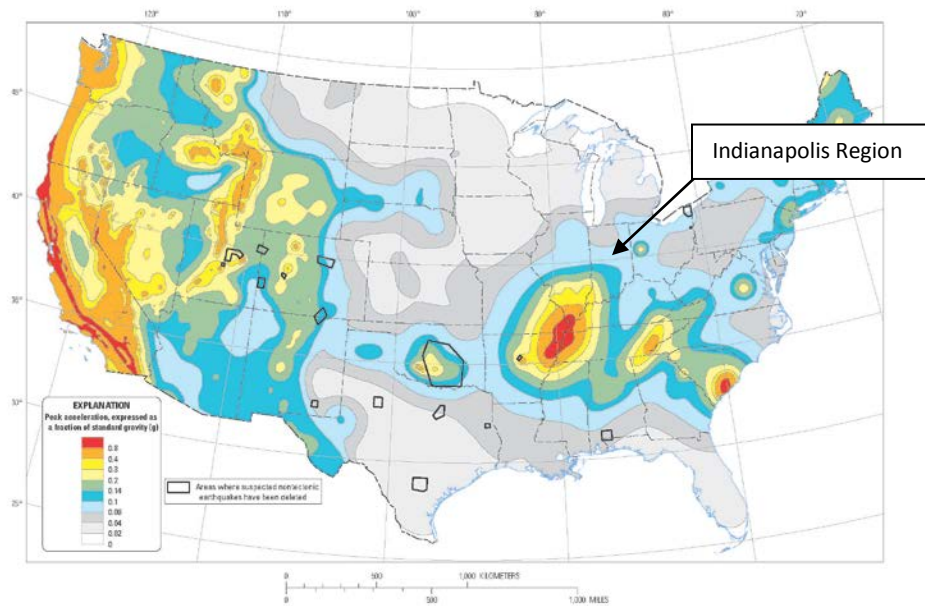

Climate

Average Daily Temperature (Fahrenheit)	High	Low	Average
July	85.3°	65.3°	75.3°
January	35.4°	19.4°	27.4°
Annual Average Temperature		52.7°	
Annual Average Rainfall		42.4"	
Annual Average Snowfall		25.9"	
Average Prevailing Wind Direction & Speed		SW 9.5 mph	

Natural Disasters

Hurricane frequency (Indiana)	0 events (0 days per year)
Tornado Frequency (Marion County, 1950-2016)	45 events over 43 days (0.2 days per year)
Flood frequency (Marion County, 1950-2016)	57 events over 43 days (0.2 days per year)
Hail storm frequency (Marion County, 1950-2016)	324 events over 130 days (0.5 days per year)
Earthquake zone/seismic rating (Marion County)	Seismic Zone 1 (scale: 0=low risk to 5=high risk)

Seismic Map of the United States

Two-percent probability of exceedance in 50 years map of peak ground acceleration
